"SHOULD WATCHMEN SLEEP"

1-Reel Star Comedy

Nervy Ned, traveling across the continent with his valet in a freight car, falls into a crate containing some clothing dummies. He gets a job as night watchman. His former valet, now turned cracksman, and some yegg pals crack the store safe. Caught in the act by Ned, they tie him up and throw him on a bed.

Ned manages to kick the power switch on the wall near the bed's footboard and stops the elevator, carrying the cracksman, between two floors. He marries the boss's daughter and is promoted to floorwalker. All his floorwalking is done at home, however, with a pair of twins.
